Elyssa,

Certainly. Is tomorrow okay for a conference call? If so, what time? Or later in the week? Which ever you prefer.

Hi everyone – sorry for the delay in response, I was off last week. Can we set a

phone call with enough time that we can schedule for the outreach staff to be apart of it.

Also, if possible, it would be very helpful to get the coordinates so my team can see the area that is being planned for clean up.

Thanks,

Hello Capt. Torres and Brenda,

I'm starting this email thread to connect your team with the leads of the service provider agencies who attended the task force meeting: LA Family Housing, LAHSA, and North Valley Caring Services. I know we are working with a quick timeline, so the sooner the outreach teams can start their work with folks in the Hansen Dam area, the more successful we will be in making meaningful connections.

Elyssa (cc'd) was hoping you can provide some specific location information as to where they should be sending the outreach teams. If you could provide coordinates that would help.

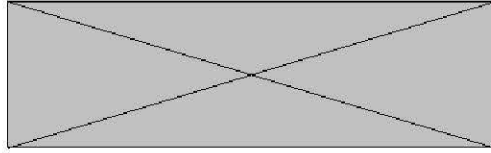

Second, we were wondering if a date has been narrowed in on for the October phase?

A couple follow up item for the service providers:

- The topic of luggage or something to help folks pack their belongings came up in the meeting as something your conversations with the folks living in the Dam would inform. Please let us know what you learn, so we can try and find resources for that.
- Once Brenda and Capt. Torres share the dates of the next phase, perhaps that will help inform your needs for the mobile toilets and scheduled trash pickups. Let us know as well so we can help coordinate those resources.

Thanks all,

Paola
